

Anytime Golf League Prize Rules

1. Organizer

The Anytime Golf League and all league prizes are run by **Anytime Golf Inc.**, 1 Nightingale Drive, Brantford, Ontario N3T 0G2 ("Anytime Golf"). League events are played at participating Anytime Golf venues. Venues, including franchise locations, do not run the league, collect registrations or award prizes. Anytime Golf Inc. does all of that.

2. Eligibility

Anyone registered in an Anytime Golf League can win prizes. There is no minimum age, but players under 18 must be registered by a parent or guardian. Anytime Golf staff may play and win on the same terms as other players. A staff member's Hole-in-One is approved by Anytime Golf Inc. head office, not by the venue where they work.

3. Multiple leagues

A player may register in more than one league, but all at one venue per season. Each registration is eligible for prizes in that league.

4. Entry and what's included

The league registration fee includes the online league platform, handicap and stats tracking, and eligibility for all prizes. There is no extra charge to be eligible for Skins, Closest to the Pin or the Hole-in-One Jackpot. Weekly simulator time is not included in the registration fee. Because the prize structure depends on how many players register, it is locked and posted in the league portal at least 3 days before the first event opens. A player may withdraw for a full refund at any time before the first event opens.

5. Prize pool

Each league has a guaranteed minimum prize pool, announced when registration opens and paid even if few players register. A league may also have a maximum prize pool. If it does, the maximum is announced when registration opens. During registration, the league portal shows a projected prize pool that rises as more players register. All prize pool amounts are stated in Anytime Golf gift card value (see section 7). The pool is divided across flights using a set formula based on the number of players in each flight. A player's

chance of winning depends on their skill, their handicap and the number of players in their flight. Prizes shown in the league portal are **projected** until the event is finalized, and then they become **official**.

Prize categories:

- Weekly event prizes, by flight
- Majors and Finals
- Year-end and season-statistic prizes
- Skins
- Closest to the Pin on every par 3

How the pool is divided. Anytime Golf sets each league's prize structure based on the number of registered players. That structure covers the amount for each prize category, the skins and Closest to the Pin values, and how many places are paid for season-long prizes, with more places paid in larger leagues. Majors pay more than regular events, and the Final pays the most. The full structure is locked and posted in the league portal at least 3 days before the first event opens and does not change after that, except as described in section 11 (Cancellation). Prizes are listed at their Anytime Golf gift card value. A winner who chooses an external gift card receives the listed value divided by that league's multiplier. For example, at 1.5x, a \$30 Anytime Golf prize equals a \$20 external gift card.

Sponsor prizes. Sponsors may add cash or non-cash prizes to a league. These are added on top of the prize pool, never in place of it, and each one is described in the league portal with its approximate value.

6. Hole-in-One Jackpot

- **Funding:** the jackpot is paid by Anytime Golf Inc. from its general funds. It is not taken from the player prize pool.
- **Amount:** the jackpot starts at \$100 and grows by \$1 for every player entered in each league event, up to a maximum of \$5,000.
- **Not won:** if nobody wins by the end of a league, the jackpot carries over to the next league.
- **Verification:** a hole-in-one must be recorded in league data during an official league round. It is then confirmed against the venue's CCTV recording and approved by Anytime Golf Inc. If more than one player makes a qualifying hole-in-one in the same event, they split the jackpot equally.

7. Form of prizes

All prizes are awarded as gift cards. No prize is paid in cash or can be exchanged for cash. Winners choose either:

- an Anytime Golf gift card, for the full listed prize value, or
- a gift card from an external vendor on the current list, which may change, for the listed prize value divided by that league's multiplier. The multiplier is announced for each league and is normally 1.5x.

8. Ties

Ties are broken by comparing scores in reverse hole order: last hole first, then the second-to-last, and so on. If players are still tied after every hole, they split the prize equally.

9. Claiming prizes

Winners are notified after each event and choose their prize in the league portal. Prizes must be claimed **within 90 days after the season closes**. Prizes not claimed by then are forfeited.

- Anytime Golf gift cards do not expire.
- External gift cards are delivered by a third-party supplier and must be claimed within 1 year of being sent. Once claimed, they do not expire.

10. Scores, disqualification and finality

Until prizes are sent, Anytime Golf may correct scores and may disqualify any player for misreported scores, tampering with simulator settings, or other unfair play. Once prizes for an event are sent, the event is final and results will not be reversed.

11. Cancellation

If Anytime Golf cancels a league, registration fees are refunded and no further prizes are awarded for that league. Prizes already sent for completed events stay with their winners. The Hole-in-One Jackpot carries over to the next league.

12. Decisions

Anytime Golf Inc.'s decisions on all league and prize matters are final.

13. Names, scores and privacy

By registering, players agree that their username, profile picture (if uploaded), flight, scores and results may appear on league leaderboards, public player profiles and Share Cards. Personal information is handled under Anytime Golf's Privacy Policy at anytimegolfsims.com/privacy. Real names are never shown publicly.

14. Governing law

These rules are governed by the laws of Ontario and the federal laws of Canada that apply there. Anytime Golf may update these rules between seasons. Changes made during a season will not reduce prizes already announced for that season.
